**SCHEDULE OF MEETINGS/SEMINARS/WORKSHOPS
TO BE CONVENED IN 2024 BY THE ICAO ASIA AND PACIFIC OFFICE**

1. INTRODUCTION

1.1 Every year, the ICAO Asia/Pacific Office conducts an intensive programme of meetings, seminars and workshops. The programme covers several objectives, as follows:

- To provide for efficient coordination and harmonization of the regional planning and implementation process;
- To raise the awareness and enhance understanding of the ICAO provisions;
- To provide feed-back from States/Administrations and users on their implementation experience, current and future needs;
- To provide high quality training to States/Administrations' personnel in the key implementation areas.

1.2 Most of the meetings conducted by the Regional Office are related to the work programme of the regional planning and implementation body – APANPIRG, Regional Aviation Safety Group – RASG and Regional Aviation Security Coordination forum (RASCF). In addition, the Regional Office provides venue and/or virtual means, secretariat service or coordination assistance for meetings of the ATS Coordination Groups, COSCAPs and other events of regional or global nature.

1.3 Through this broad programme of meetings and training events, the Regional Office provides an excellent forum to the States/Administrations to conduct continuous dialogue and facilitate the coordination and harmonization of the planning and implementation of the regional air transport system. The Workshops/Seminars contribute to the capacity building of the States/Administrations and the Region as a whole. The Regional Office expresses its appreciation to all Civil Aviation Administrations and International Organizations for supporting the participation of their highly qualified experts and officials in the ICAO regional activities and thus contributing greatly towards achieving the regional goals.
